**Richard K. Harris : Hidden Arizona: Including Phoenix, Tucson, Sedona and the Grand Canyon** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden Arizona: Including Phoenix, Tucson, Sedona and the Grand Canyon:

2 of 2 people found the following review helpful. Helpful for TourismBy Megan StewartIt's good for a list of places to visit for your first time of what to see on your first trip to the area. Good for tourists.29 of 33 people found the following review helpful. Hidden Arizona: Including Phoenix, Tuscon, Sedona +By JB. WynneThe only things hidden in this book are the few-and-far-between listings for places that can't already be found in the AAA Tour Book. The layout and verbiage are bit more friendly but all in all, I found this guide book to be long on pat advice, (I.E. "Carry extra water when traveling in the desert") and short on usefull tips and interesting destinations. Not bad if you aren't a AAA member or can't borrow the Arizona Tour book from one, but definitely far below my expectations. This will be the first book I've ever returned for credit.7 of 9 people found the following review helpful. WONDERFUL GUIDEBy Happy HikerI've used the "Hidden" books for the past number of years while making my way though the southwest. This one is just as great as the others. VERY helpful and accurate. I recommend this book to all seeking adventure in Arizona!!

Hidden Arizona perfectly epitomizes the Hidden travel guide philosophy. The author covers with great detail and a discriminating eye the popular spots (witness large sections dedicated to the Grand Canyon, Phoenix and Sedona) but also tells of hidden spots just down the road that travellers would overlook or skip were it not for the guide's detailed descriptions and specific recommendations.

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites.About the AuthorStephen Dolainski has been a professional travel writer and editor since 1982. He has written about travel, the arts, culture, entertainment, and business for magazines, and has contributed to several travel guidebooks. He believes that the Grand Canyon is the most magnificent place he has ever been and that even the proliferation of tourists can not obscure its beauty. "We're not all there is in this world," he muse. "there are incredible forces at work." He has lived in Los Angeles for 25 years.
