Patricia Mandell : Hidden Boston Cape Cod (Hidden Boston Cape Cod, 4th ed) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden Boston Cape Cod (Hidden Boston Cape Cod, 4th ed):

useful. Because of the maps and hidden information provided, I was able to shift my plans around to include a day trip to the Cape and it was so worth it. I intended to use the Boston information more but the book became "hidden" when I returned the car and I couldn't remember all the places I wanted to visit based on the information. For the information provided, it's worth the investment.

This is a book about urban walkways, seaside villages, stylish nightclubs and vintage lighthouses. Boston, Cape Cod, Martha's Vineyard and Nantucket are explored in detail, including travel tips, money-saving advice and a guide to historic sights. '
