Also, if you haven't read book 3, there is no point in reading this one, because you will have NO idea what is going on. This book is a direct continuation of book 3, and pick up immediately where book 3 left off.OK, so you've read book 3 and know that Rose, the woman who lived in the alternate reality burning cabin on Tom

Sayer Island is actually Sleeping Beauty transferred from her "reality" to 19th century America. And at the end of book 3 she is trapped in 21st century Disneyland, transformed into a swan. This book is the story of Rose, Wolf, and Wals plan to return Rose to 12th century Europe, and to ultimately return the red pendant to 20th Century Disneyland. In many ways this is a Fantasyland parallel to the Frontierland story told in book 3, with numerous jumps between the 19th, 20th, and 21st centuries in America as well as jumps to 10th and 12th century England. Once again changes in Disneyland result in changes in the 12th century world of Sleeping Beauty. Along the way you get to meet several other characters made famous in Disney films, and there are some very interesting tie-togethers made. This book certainly has more action than book 3 (with a quite spectacular finale), and taken together, they make for a very satisfying foray into Disney-inspired fantasy. 0 of 0 people found the following review helpful. E Ticket Ride! By C. Dayley When I find a really good book, I try to savor it, enjoying every 'morsel' of entertainment. This usually means trying to take my time reading it (that way it's not over too soon). I felt like I was just hanging on for the ride! It didn't take long for this story to take off like an "E Ticket" roller coaster, all I could do was hang on and enjoy the excitement. I'm definitely planning on "getting back in line" for another go at the thrills. I thoroughly enjoyed the historical Walt Disney tidbits woven into the story line. I have always adored Walt Disney, and all that he managed to create. But this added a depth and richness to his legacy. The only complaint that I might put out is that I wasn't sure I liked the epilogue so much. As it approached the ending, I kind of saw it coming. It does have a punch though. All in all, I loved it! And I can't wait for the next book! (Especially since I have gotten a tiny teaser from the author!) 0 of 0 people found the following review helpful. Wickedly Wonderfully Superb! By English Teacher Wow! This was one smooth story! The plot was superb with its climatic conflict of good versus evil, yet the characters really kept the reading reeling with excitement. We hope this isn't the beginning of the end of the series because this cast of characters, Wolf, Mato, Lance, Kimberly, and Wals has become like actual people--friends that you look forward to meeting and catching up on the latest turn of adventure. You feel their struggle of staying true to their inner nature and desires, while rejoicing in their conquests. Of course, some of the characters that you are introduced to like the evil one--Nimue, you just love to despise and relish at her downfall! This is truly the most polished and outstanding of all the Hidden Mickey series!! It will leave you pleading for just one more!

Great Read! This book continues from where Hidden Mickey #3 leaves off. The mysterious Rose is trying to get returned to her own time and place with the help of Wolf and Wals. Something is not quite right when they discover that someone who was thought to be dead is actually alive and still looking for the Hidden Mickey Diamond. This was an amazing read and I highly recommend it to any Disney Historian or lover of anything Disney. The author's creative use of fantasy and history of Disney and Disneyland makes this book awesome! this book and it was such a great story. I love that she brought in characters from Disney movies as well as the different places around Disneyland. I have read all of the Hidden Mickey series and would highly recommend all of them!!! Megan Hill, Elk Grove, CA USA - Teacher --DoubleRbooks.com/reviewsFrom the AuthorDear Readers,I am pleased to present to you this fourth book in the Hidden Mickey series: Hidden Mickey 4: Wolf! Happily Ever After? There have been a lot of wonderful comments about the character I introduced back in Hidden Mickey 2: It All Started..., namely Wolf, so in giving him his own story in Hidden Mickey 3: Wolf! The Legend of Tom Sawyer's Island you'll be happy to see that his story continues in this book, Hidden Mickey 4: Wolf! Happily Ever After? Thanks to all of you who have embraced my time-traveling leading man, and who love the fantasy element I introduced into the series.As with all the fun-filled adventures you have experienced so far, I think you will really enjoy my last exciting episode in the Hidden Mickey series. You'll then be able to continue the saga with the next Hidden Mickey Adventures series. This new series starts with Hidden Mickey Adventures 1: Peter and the Wolf, and the story line picks up just a few years down the road from Hidden Mickey 4: Wolf! Happily Ever After? You will be introduced to a new generation of quest seekers, and you'll also encounter quite a few familiar characters and faces along the way. As always, the real Leader of the Pack, Walt Disney, is seen throughout this story. Without his dreams and hard work, these books would not have been possible. There would have been no Disneyland and no inspiring animation from which to draw. I hope the gratitude and admiration we have felt for Walt and his creative genius has shone through in each and every novel. I have been asked--quite often, actually--if any of the adventures will take place in Walt Disney World in Florida. At this point in time, all I can say is not yet! But with the "research" I was able to gather during a recent visit to the Florida Parks, don't be too surprised if the Magic Kingdom becomes a destination in future books. So, enjoy this "time" you will spend with my wolf! Hopefully, all your dreams will come true. Best Wishes and Thank You, Nancy Temple Rodrigue About the Author Nancy Temple Rodrigue lives in the small town of Lompoc, California, where she writes her novels. Nancy has been an avid Disney fan ever since she was 6 years old and went to Disneyland for the first time. Her novels show her admiration and respect for the man who started it all, Walt Disney. She loves to entertain as well as educate her readers while providing a means to have a great time inside the realm Walt Disney created. Nancy's first 4 books are in the HIDDEN MICKEY series, starting with HIDDEN MICKEY 1: Sometimes Dead Men DO Tell Tales!, then continuing with HIDDEN MICKEY 2: It All Started..., HIDDEN MICKEY 3: Wolf! The Legend of Tom Sawyer's Island, and HIDDEN MICKEY 4: Wolf! Happily Ever After?. Readers are immediately hooked and then can't wait to devour her other novel series, with a younger generation of clue solvers. The series starts with HIDDEN MICKEY ADVENTURES 1: Peter and the Wolf, and continues with HIDDEN MICKEY ADVENTURES 2: Peter and the Missing Mansion, HIDDEN MICKEY ADVENTURES 3: The Mermaid's Tale, HIDDEN MICKEY ADVENTURES 4: Revenge of the Wolf, and HIDDEN MICKEY ADVENTURES 5: When You Wish. Some readers were running the scavenger hunt quests that Adam and Lance ran in the first book, and this led to Nancy authoring the HIDDEN MICKEY QUESTS series so her readers could run even more quests when inside Disney parks. HIDDEN MICKEY ADVENTURES in Disneyland, HIDDEN MICKEY ADVENTURES in Disney California Adventure, and HIDDEN MICKEY ADVENTURES in WDW Magic Kingdom will allow readers to see the Disney parks with a brand new set of eyes. Nancy's fans also find her novel THE FAN LETTER to be a light and fun Romantic Fantasy, readers of all ages enjoy it!
