John Gottberg Anderson : Hidden Montana (2nd ed) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden Montana (2nd ed):

This is one in a series of guides which pres ents travellers with suggestions for a more adventurous holi day in the

featured destination. Hidden Montana includes information on mountains, Indian reservations, ghost towns, hiking, fishing, etc. '

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites.
