Susan Farewell : Hidden New England: Including Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont (Hidden Travel) before purchasing it in order to gage whether or not it would be worth my

time, and all praised Hidden New England: Including Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont (Hidden Travel):

5 of 6 people found the following review helpful. Poorly set out. By savage I bought this book based on the publishers blurb in . This is an unfortunate demonstration of the major pitfall of buying books from . If I had looked at the book in a bookstore I would never have purchased it, I sincerely doubt anyone would. The book is poorly executed primarily in its index or rather series of indexes which are set out so to make as little practical sense as possible. I will never be able to tell you what is in the book because it cannot be found. It is a frustrating exercise simply leafing through it because the index is no help. Perhaps if I was intimately acquainted with New England I may have some idea where to look in the book so as I could find what I was after. If I did, why would I be buying a travel guide? I will stick to the DK's Eyewitness Travel guides from now on at least I can find stuff in it. 3 of 20 people found the following review helpful. Mr. Bachelder By Robert L. Bachelder Like the book My wife and I like going to new places for a weekend .

"Hidden New England" Features a virtual bed-and-breakfast guide with over 200 country inns, coastal hotels, and mountain lodges. The region's landmarks are brought to life with interesting historical facts and stories. Carefully mapped out driving tours are included for the best of fall foliage viewing."

About the Author Susan Farewell has written about New England for newlyweds (Bride's), young parents (Child) and even Japanese travellers (Gulliver). Farewell is the author of How to Make a Living as a Travel Writer, Quick Escapes from New York City and several other travel books.
