Richard Harris : Hidden New Mexico: Including Albuquerque, Santa Fe, Taos, and the Enchanted Circle before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden New Mexico: Including Albuquerque, Santa Fe, Taos, and the Enchanted Circle:

0 of 0 people found the following review helpful. Great Info for out of the way placesBy StanIf you want

temperatures, driving distances, and accommodation prices get the free books from AAA. If you want great information about out of the way, interesting places you'll probably miss otherwise, buy this book. I have all the "Hidden" books and always use them when planning a trip. I find them especially useful when I want to go an alternate route to places I've traveled before. If you want to plan a trip using the "Blue Highways" use this book-if you want to get there fast and miss a lot of interesting things, fly...then buy the book anyway to see what you've missed.0 of 0 people found the following review helpful. I Love Mysterious New MexicoBy Eric WilderI love mysterious New Mexico, and this little book provides a wealth of information and reading enjoyment. As a writer, I bought it for research on my upcoming mystery series featuring cowboy gumshoe Buck McDivit. It didn't fail me.1 of 1 people found the following review helpful. Good general overview of the state's places of interestBy iammiI had a previous edition of this book and found it useful. Bought this one for more current info on dining and lodging. I would recommend it to a friend but also that one take advantage of New Mexico's annual travel guide--free online as well.

Combining unique travel choices, outdoor adventures, and little-known locales into guides where vacations meet adventures, each title in the Hidden series also offers readers the comfort of detailed maps, Internet information for each listing, author picks, suggested itineraries, and walking and driving tours. In Hidden New Mexico, a local author guides readers to secret spots throughout his home state. He recommends over 60 restaurants serving Mexican, New Mexican, and Nouveau Southwestern cuisine, plus local cooking classes to learn hot and spicy favorites. Author Richard Harris lives in Santa Fe, NM. Includes 23 maps.

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites.
