Bruce Scofield : High Peaks of the Northeast: A Peakbagger's Directory and Resource Guide to the Highest Summits in the Northeastern United States

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *High Peaks of the Northeast: A Peakbagger's Directory and Resource Guide to the Highest Summits in the Northeastern United States*:

7 of 7 people found the following review helpful. Every 4000+ footer peak under one cover! By A Customer Must have for all of you "Peakbaggers". Every single 4000 footer or higher in NY and New England is described inside this incredible book. My only suggestion would be an update that includes all of the Catskill's 3,500' peaks.

Amazon already has description on file. This is a reprinted version
