Maryann Gaug : Hiking Colorado's Summit County Area: A Guide To The Best Hikes In And Around Summit County (Regional Hiking Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hiking Colorado's Summit County Area: A Guide To The Best Hikes In And Around Summit County (Regional Hiking Series):

5 of 5 people found the following review helpful. Great Hikes, Overall good guide book, Better maps would help. By Dr. T Zen We've been on several hikes from this book and overall I'm quite pleased. The hikes are definitely very good (Lower Cataract Lake was great), and I like the breakdown of the hikes at the beginning of the book. The overview at the books beginning breaks the hikes down into difficulty levels and hike strong points such as "good for history buffs," "great views," and "good for wildflowers." I would like it if the maps would outline more of the hikes and how they branch off of each other, and I wish there were more hikes included as I know of quite a few more in the area, but overall I liked this book and would recommend it. 0 of 0 people found the following review helpful. Great for local hikes. By Meester Shack Used on several hikes, detailed and informative. 0 of 0 people found the following review helpful. Very helpful. By Megan I've been to Breck many times this was my first time hiking. The book was very helpful, although there are many trails not included. If you need an introduction to Breck hiking I would recommend this book above online resources.
