By Tera
This is a good handbook for the GS/ENM region, but I'm only giving it 4 stars because it didn't contain any information about the hike I was trying to research (Death Hollow). There is an overview of how to take the Boulder Mail Trail to Death Hollow, but there is no information about the stretch through Death Hollow to the Escalante River. We had to rely on printouts from someone's blog to get us through that section of the hike.
