By Samuel M. Williams
This book gave us great information about hikes around the Grand Teton area. We had so many hikes we wanted to take due to the descriptions in the book but decided on the Surprise Lake hike. The hike was just as described. I'd recommend this book for people wanting to find just the right hike for themselves.

By Amy RA
A great guide. Only one complaint, it did not have any information on the Table Rock hike on the western side of the Tetons. It is one of the best hikes I have ever been on and this book doesn't have it listed.
