Evie Litton, Sally Jackson : Hiking Hot Springs in the Pacific Northwest: A Guide to the Areas Best Backcountry Hot Springs (Regional Hiking Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hiking Hot Springs in the Pacific Northwest: A Guide to the Areas Best Backcountry Hot Springs (Regional Hiking Series):

7 of 7 people found the following review helpful. this is a fantastic resource. In fact
By Patrick Y.If you live in Idaho, this is a fantastic resource. In fact, Idaho comprises a great majority of the material in here.
0 of 0 people found the following review helpful. Wonderful list!
By CustomerFirst of all we love our new book! To have such a resource is wonderful! Some things that I love are the directions (though the maps could be better), the pictures of the hot springs and the overall information. One thing I saw that people were complaining about was how much of the book is of Idaho hot srpings...well, that's where they are. Nothing you can do about that. One thing I had to do to help me better navigate the book was using tabs to locate the states and subsections. Also, the Idaho map is vague and some of the towns are little ones I don't know and were not marked. I ended up finding each town and marking it on the maps so it was easier for me to know which areas each subsection was talking about. I would suggest this to anyone who wants to hike to public hot springs!
0 of 0 people found the following review helpful. Good book
By BryceSome directions are unclear

Descriptions of more than 80 scenic hikes to or starting at more than 140 hot springs in Idaho, Washington, Oregon, and British Columbia.

About the Author
Evie Litton broke loose from a 15-year career as a technical illustrator to hit the road in 1983. She happily traded her civilized life for a camperized van she now calls home and has been busy exploring the backcountry to find out what secrets lie around the next bend.
