William B. Eddy, Richard O. Ballentine : Hiking Kansas City before purchasing it in order to gage whether or not it would be worth my time, and all praised Hiking Kansas City:

2 of 2 people found the following review helpful. Great for KC HikersBy Darrell M. GoochThis book is a must have for anyone who is hiking the Kansas City Area.It provides detailed maps, descriptions, and anecdotes about 125 trails in the Kansas City Area from two very experienced hikers who have hiked KC trails extensively.I have been using it since I bought it, going over it constantly as I plan my hikes and even carrying the book with me on several hikes where I knew I'd need their detailed descriptions of trails.Some of the info is out of date due to changes in trails, but you can't beat this book for Hiking Kansas City.1 of 1 people found the following review helpful. A Must Have...By Poor DJHave lived around the Kansas City area for close to twenty years, been walking and hiking only the trails i knew close to home...until I discovered this book! So many place to walk I never knew or thought about. I pick this book up several times a week to plan my next outing. If you are new to the area, or have lived in the KCMO area all your life, I think you will discover some great places to get out and enjoy!0 of 0 people found the following review helpful. I had always wanted to hike, but I didn't ...By Leslie StricklandI had always wanted to hike, but I didn't know where to begin. This book helped me find the right trails and prepared me for what to expect (level, water source, etc.) My goal is to backpack/camp and this book has helped with my goal.

The definitive guidebook to hiking Kansas City is back-completely updated, expanded and redesigned with a mountain of new photographs to help you hike, explore, and unwind. In this comprehensive fifth edition, life-long Kansas City

hikers William Eddy and Richard Ballentine highlight more than 125 off-the-road hiking and walking trails in and around the Kansas City area. From popular, flat, paved city park trails to remote, rolling, forested treks-you'll find that good walks and hikes are close to home no matter which way your compass points you. This guidebook includes updates to old favorites as well as many new trails sure to be visited again and again. Beginners and seasoned hikers alike can flip a few pages and find a perfect trail no matter the season.
