Bruce Grubbs : Hiking Oregon's Three Sisters Country (Falcon Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hiking Oregon's Three Sisters Country (Falcon Guide):

10 of 13 people found the following review helpful. Use only in conjunction with a current mapBy duncanej@proaxis.comWe recently used this guide in selecting a short day hike. The loop we selected came across as very straightforward so we took off without consulting additional maps. We were annoyed to find ourselves off the loop twice after coming to trail junctions not included in the guide map. Upon returning home we looked at another

guide book we had considered 'out of date', only to find that both trail junctions where we had been misled were clearly marked.

Veteran hiker Bruce Grubbs guides the outdoorsperson on 75 treks through the pristine Three Sisters Country of Oregon's Central Cascades. Volcanoes and old-growth forests await those looking for accessible, yet uncrowded, adventure. Along with overnight trips and hikes of interest to photographers, the author emphasizes shorter and easier hikes to introduce this special region to first-time hikers.
