Kelley Roark : Hiking Tennessee (State Hiking Guides Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hiking Tennessee (State Hiking Guides Series):

1 of 1 people found the following review helpful. Useful trail guideBy JPSThis book was handy for planning hikes out of the Galinburg and Crossville, TN. Good trail descriptions and maps, but nowhere near as good as "Hiking Trails of the Smokies" (the little brown book). If you want just one Smokies trail guide, get that one.0 of 0 people found the following review helpful. Five StarsBy Ben PorterReally like this book0 of 0 people found the following review
