0 of 0 people found the following review helpful. Five StarsBy Brenda FolkertsAwesome books. Love the very descriptive details about each location.

The book describes a wide range of hikes in the Columbia River Gorge, from easy to very strenuous, accessible and remote. Detailed trail descriptions and mileages, suggestions on how to get the most from your hike (points of interest along the way, and some history and natural history of the area as well). Also included is information on how to find many of the Gorges waterfalls, for people who enjoy seeking those out. For backpackers, it has not only good route descriptions, but suggestions on hike variations and where the best campsites are located. Also included are recommendations for hiking to the best viewpoints in the gorge.
