A good older edition of some hikes all over Utah By Mojave702 A good older edition of some hikes all over Utah. Has a nice map at the front that shows the various hike locations throughout the state. If you are looking for something more specific in relation to a certain

part of Utah such as Zion or the Uintas I would suggest looking for another book as this one covers a few hikes from various parts of the state. 0 of 0 people found the following review helpful. **FOR THE SERIOUS HIKER ONLY** By Pam KI was looking for a mostly day hike book. From what I can surmise, this is mainly long back pack hiking trails. The most popular areas only have one or two hikes listed which are long. Not what I was looking for. Very disappointed.
