Western North Carolina. We visit several times a year, and always "do" a waterfall hike, or a view hike. I think the directions are great, and I agree with her on the beauty ratings. I always take it with us so we can easily find the trailhead. Also includes great photos, and it's very well organized. Buy it, you won't be sorry! 1 of 1 people found the following review helpful. Liked it By Turtox Good book. If I have a criticism I would like to see a larger overall map or have it broken into sections, otherwise it was very useful and the information accurate. 0 of 0 people found the following review helpful.
