Along with the most complete look at Tinsletown they add anecdotes and little known facts that make just reading the book fun.And this book covers more that downtown, Hollywood and Beverly Hills. It travels north to Santa Barbara and south to Long Beach and Catalina.If you're headed for LA this is the book to get. Even as a died-in-the-wool Angeleno, I found this book

informative, usefull and fun to read.0 of 0 people found the following review helpful. Two thumbs up!By Charles HalseyAs a former "angeleno" and film enthusiast, I was amazed at the wealth of information contained in this travel book. I recently visited L.A. and stayed at two of the hotels mentioned, and found the descriptions to be right on the mark. I recommend this book not only to those who are planning a vacation in L.A. but to people who live in L.A. and enjoy watching movies and reading about movie stars.0 of 0 people found the following review helpful. Terrific bookBy A CustomerHere's a 600-page book that's filled to its movie brim, with tons of offbeat things to see and do; bright and breezy in its writing, you'll find facts and other nifty news here about this incredible place called LA and Hollywood that, even if you've lived here all your life (!), you probably never knew existed.John Clayton, Travel With a Difference radio show,KNX 1070AM

From the PublisherThis vibrant city and its suburbs have been attracting stars since film was invented, and hundreds have opted to make their homes here. The atmosphere is unique, with the pizazz and glitz of the movie crowd mixed with the quiet elegance of recluses who value their privacy. The strips in town are filled with nonstop music and dance action. In some residential areas, houses are set so far off the street you wont hear a sound.
