Stu Campbell : Horsing Around A Lot before purchasing it in order to gauge whether or not it would be worth my time, and all praised Horsing Around A Lot:

This book is a collection of short stories, all true, regarding ranch life, rodeo, the dude business and horses in general.

This is a very humorous look at a modern day cowboy's life. As the author, Stu Campbell, says, "It should be suitable for for all members of the family. As an author I can only write about those things I know about, consequently, there ain't no sex or violence in it!" The book, "Horsing Around A Lot" is available here. Pick up a copy and have some fun with a modern day cowboy.

About the AuthorStu Campbell is a tall, lean cowboy from the old school. Generally on the quiet and shy side, Stu has the ability to look on the lighter side and see the humor in any situation. Stu is a mighty welcome sight when he shows up on a horse outfit or in a cow camp. You know the work is going to be a little easier because he's going to be in the right place at the right time and he's going to bring a little humor with him no matter how rough the going gets. The stories in this booklet - they're all true - reflect a little of Stu's humor and his life. Steve Mantle formerly of Sombrero Ranches Craig, Colorado
