traveling, nothing to do with Houston. The page numbers in the table of contents do not correlate with the actual page number.0 of 0 people found the following review helpful. Don't be disappointed. Don't buy this one.By DorisLWThis book is not worth the money. Do not buy this one. Very cheap. No valuable information found in this one. Easy to read. Double spaced and no content.0 of 0 people found the following review helpful. Disappointed. 98 pages of double-spaced large-sized textBy Lillian WoolleyDisappointed. 98 pages of double-spaced large-sized text. Highlights only 5 places to eat and suggests that I shop at thrift stores. Almost half the book is dedicated to "Know before you go". If you're from the U.S. it's useless information. Definitely not worth the \$9.95.
