**Will Jones : How to Read New York: A Crash Course in Big Apple Architecture** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Read New York: A Crash Course in Big Apple Architecture:

0 of 0 people found the following review helpful. Five StarsBy annaGreat book. Good gift idea.0 of 0 people found the following review helpful. Useful little book for knowledgeable travelersBy Linda L. JeneweinIt's a great little resource, an indicator of what needs to be seen in New York City and why. It's not architecturally comprehensive.0 of 1 people found the following review helpful. Five StarsBy PJSNice informational book.

Essential reading for both native New Yorkers and tourists alike, How to Read New York unveils the boundless diversity of Gothams architectural wonders. Covering every era of New York architecturefrom what remains of the colonial days to the latest postmodern skyscraperthis unique guidebook illuminates the fascinating architectural and

urban history of New York. Organized chronologically and by architectural style, the book covers key highlights of the built environment from the Battery to Inwood. Many of the skylines most iconic buildings are included, along with many lesser-known buildings that are architecturally interesting. Charmingly illustrated with 430 line drawings and vintage engravings that bring old New York to life, the book concludes with a map section that suggests themed walking tours.

"We cannot think of a more civilized tour guide than a lovely Rizzoli book!...Whom You Know Highly Recommends How to Read New York! It's just perfect for a city stroll in this lovely mild winter." ~Whom You Know  
"If you are a resident of New York, a first-time visitor or an enthusiast of architecture, be sure to check out How To Read New York as it is the perfect travel sized guide for taking your own architectural journey in the forever growing city of New York." ~DowntownAbout the Author  
Will Jones is a journalist and writer based in Ontario specializing in architecture and design. His articles have appeared in RIBA Journal, the Financial Times, Blueprint, and Dwell. His previous books include Unbuilt Masterworks of the 21st Century and New York: City Monograph.
