From Brand: Glove Box Guides : Hungry? Thirsty? New Orleans: The Lowdown on Where the Real People Eat and Drink (Glove Box Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hungry? Thirsty? New Orleans: The Lowdown on Where the Real People Eat and Drink (Glove Box Guides):

5 of 5 people found the following review helpful. A lifesaver for a traveling student!!!By S. GormlyWith this guide (Hungry New Orleans), cheap and GOOD food is easy to find. like others, i found the organization by district to be very handy. Often my friends and I were touring around New Orleans without an established plan. We'd get hungry, figure out where we were and pull the guide from my backpack, thumb through it and SHAZAM! we're eating!More importantly, the guide is ACCURATE! We were in New Orleans for 2 weeks - ate in at least 10-15 different places that we pulled from the guide and we NEVER felt let down.Good guide - i recommend it!5 of 5 people found the following review helpful. Quick and Easy Guide to Real EatingBy A CustomerHungry? Thirsty? gives succinct and enticing information that helps the average joe find a good meal and great atmosphere without having to take out a home equity loan to afford it. Some many guides list all the high priced restaurants you see on Food TV, which is fine if you have a limitless budget. I liked having the book organized by districts. The reviews are cleverly worded and are laced with references to local lore. And yes, it really does fit in your glove box (or purse)!0 of 0 people found the following review helpful. a real native guideBy C. R. Cryarthis book was perfect(before the storm)for those born here or those who have lived here for a while and have not done or seen much. you know the type, always goes the same way home, never tries anything new. now if someone(hint)would put together a new version it would be quite helpful in getting those sticks in the mud to try something NEW.

Hurricanes, po'boys, crawfish, oh my! New Orleans wrote the book on delicious, intensely local food and the unending happy hour. Drive-thru daiquiri shop, anyone? You'll know where to get the best and pay the least in the City That Care Forgot. Recommended for the visitor who wants the inside scoop and the local who likes a bargain. * organized and cross-referenced by neighborhoods * catchy icons and tag lines give a quick read for each entry * indexes, maps, and a glossary at your fingertips
