Made the trip fun!By Lisa DavisI loved having some inside scoop to the areas we were driving through to pick up my son from Michigan Tech!1 of 1 people found the following review helpful. A veritable treasure trove of what to see and do in da U.P.!By A CustomerWe borrowed this book from the library to plan our family vacation. Liked it so much that we bought it to take with us! This will save us much time and money by steering us towards the better treasures of the UP. I particularly enjoyed the detailed descriptions of tours, people, and places. Talked with Mary (author) on the phone the

other day and she's not only a travel authority, but also an armchair sociologist / historian / outdoors-woman, etc. Only problem with this book is it will attract more people to this best kept secret region of our great state!
