Kennesaw Taylor : I'm Ugly and Broke before purchasing it in order to gage whether or not it would be worth my time, and all praised I'm Ugly and Broke:

0 of 0 people found the following review helpful. Easy to relate to By Petei Enjoyed this book. Not quite like Lewis Grizzard but close to his writings. I can relate to some of the stories of growing up. It let me escape reality for a while. To remember people I've lose and now to pay close attention to older people what they tell you from their life

experience. Listening to my parents and grandparents, I wish I paid more attention. So often I try to recall some of the things they said and taught. Thank you. 1 of 1 people found the following review helpful. Very entertaining, great voice. By Crystal Ryan I am not through with this book yet, but am really enjoying it so far. The stories are hilarious, and the narrator's "voice" reminds me a lot of Dan Stark from "The Good Guys." The only reason I'm not giving it five stars is that it needs some editing for grammar, punctuation, run-on sentences, etc... Otherwise, great stuff. 0 of 0 people found the following review helpful. Buy this book! By Big Daddy I am a big fan of Lewis Grizzard and the writing style is similar. I loved this book. Started good and only got better!

Kennesaw's unique charm fills the pages with his original short stories, newspaper columns and poems. This motley collection will have you laughing and shaking your head. Take a little more time to notice the little things as you go about your life. After all, those are always the most important. Author of Informally Educated
