I saw it on a book list and bought it to read to my 9 year old grandson. Everything you want to know about a small body of water and all who use it.3 of 3 people found the following review helpful. A wonderful bookBy Winged WolfWith a richly detail prose rarely found in books today, this classic will fill any nature-lover with joy. I hope they one day re-release it, as they did with 'One Day On Beetle Rock'.0 of 0 people found the following review helpful. One Day at Teton MarshBy JudyThis book is a masterpiece of craftsmanship where words take on form and substance. It reads as well now as 40 years ago.
