I would opine that its most outstanding characteristic for the tourist is its clean, clear, white-water wilderness rivers: the Salmon (River of No Return), Snake, Selway, and others. There isn't anyplace in the world that can boast of better and more beautiful float streams. The guidebook divides Idaho into seven regions and briefly describes interesting places to stay, old-time restaurants, museums and art galleries, annual events, and assorted trivia. Sidebars recount stories of places and people, including Ernest Hemingway, the Nez Perce Indians, and the infamous Ruby Ridge. This guidebook is light and small and well-organized and has all the information you need to find your way to interesting spots around the state, especially if you're the sort of person who's allergic to cute boutiques and cookie-cutter hotels and restaurants. This is the guidebook series that my wife and I carry when we travel in the United States -- but if you're visiting Idaho for the wilderness experience you'll need additional information to what is offered here. I took this book along with us for ideas on ways to pass our time. It was a great resource! Having grown up in the area, my husband was surprised by how many things were included in the book that he wasn't familiar with. We visited lots of sites that either he'd never heard of or had never bothered to visit. We both had a great time exploring southcentral Idaho with this book as our guide. In fact, I'm going to look for an Off the Beaten Path book for the area I currently live in (Alaska) to see what we're missing here at home. 7 of 7 people found the following review helpful. A good guide for a great place By A. Lewis This book is a WONDERFUL resource! I was raised in Idaho, and it contains places even I hadn't heard about. The book details many of Idaho's beauties that the locals normally know about, but a visitor might not notice or be aware of. It isn't the most in-depth place to find information about neat places in Idaho, but it is a "must read" for people who want to make their visit to Idaho special and unique.
