**From Graphic Arts Center Publishing Company : Idaho (State Calendar)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Idaho (State Calendar):

Known as the Gem State, Idaho has much more to offer than just potatoes. It's home to the Peregrine Falcon and the Appaloosa. This beautifully photographed calendar offers 12 stunning photographs of the Idaho landscape. It also features an updated grid design with a four-month planning grid.

About the Author Award winning nature photographer whose work has appeared in many books.
