Nearly every time we go to the city, its for date night. Yet, at least half of the great spots in this book were news to me! I highly recommend it!

New York is a city for lovers: In Love in New York guides the reader to the most romantic sights and destinations the

city has to offer. Whether you want to watch the sun rise over the East River like Woody and Diane or enjoy a Cary Grant/Deborah Kerr moment at the top of the Empire State Building, there is no greater city than New York for couples in love. The book begins with "first impressions," the iconic New York sights that never fail to dazzle: the skyline (and the best places to view it), the most beautiful blocks and neighborhoods, the famous views (rooftops, bridges, riverside parks). Chapters follow on great date ideas, including destination museums and unusual "dinner-and-a-movie/theater" combinations. For readers ready to commit, the authors detail the best proposal spots; where to go ring shopping; the coolest places to register for gifts; and information about the legal requirements for marrying in the city (gay and straight), including a rundown on the classic City Hall wedding with the best places to buy flowers and to celebrate afterwards, naturally. There are also ideas for planning honeymoons and anniversaries. Throughout, sidebars offer romantic options such as wonderful bars with fireplaces, the prettiest park benches, great New York literary and film affairs to inspire your visit, and romantic day trips within and near the five boroughs. From champagne on the Peninsula rooftop in midtown to ice skating in Bryant Park, *In Love in New York* is the perfect gift for any couple dreaming of experiencing the romance of New York.
