**Becky Retz, James Gaffney : Insiders' Guide New Orleans (Insiders' Guide to New Orleans, 2000)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide New Orleans (Insiders' Guide to New Orleans, 2000):

8 of 8 people found the following review helpful. A Giant Step ForwardBy Leonard J. HansenThe Insiders Guide to New Orleans is a giant step forward in the city guidebook field as well as the best guide I have found to New Orleans. The authors put history in its true place as an introduction to one of the world's most fascinating cities and then present the destination in fine style as experts on the city, its attractions, its almost embarrassing riches in restaurants, its

quirkiness and more. As a resident of the Big Easy (who also happens to be a professional travel writer) I found fifty things I didn't already know. Unlike many guidebooks which are either on-paper cheering sections or, alternatively, a drab presentation of facts, open hours and prices, this guide is a delightful and informative must-read for anyone every thinking of escaping to what can be considered almost another country. Five stars for The Insider's Guide to New Orleans by Becky Retz and James Gaffney. 6 of 6 people found the following review helpful. It is Blanche, it is a great guide book By Candace Hoffmann If New Orleans is a city that easily evokes the utterances of Tennessee William's Blanche Dubois, the New Insider's Guide New Orleans by Gaffney and Retz certainly is a kindness to strangers visiting to city. Written in a lively and fun to read style, the authors take you on a lively tour of the famous and infamous aspects of the Big Easy. Locals will find the book a way to explore the underpinnings of a city they may have too quickly come to take for granted. Like the city itself, this guidebook is an easy read to curl up with (to paraphrase Blanche) on a long rainy afternoon when an hour isn't just an hour, but a little piece of eternity dropped in your hand." I highly recommend this guidebook. --Candace

The city of New Orleans has mystique, charm and history unlike any other. Whether you're looking for foot-stomping Dixieland Jazz, a gaze at the stars on the Moonwalk promenade, a beignet in a small French Quarter cafe, a historic venture through Rivertown or a trip through the murky bayous, The Insiders' Guide(r) to New Orleans is the only guidebook to take you out on the town with Crescent City locals.
