Definitely POCKET GUIDE By Christine Carmichael Although this small book is packed with information, I wish I would have known that it is only a couple of inches in size!! I was hoping for a coffee table book. What I got was truely a "pocket" guide - a tiny book that fits in your hand! The pull out map is a bonus but a few things have changed since it was written because this was published in 2009. The Riverwalk has been expanded and some of the streets have changed names. 0 of 0 people found the following review helpful. Worked Great for Me By Claire B. Murphy Went to San Antonio for the first time to attend a conference. Wanted a small guide to use while there. Loved this. Found points of interest and restaurants easily and quickly with this handy book. 1 of 3 people found the following review helpful. Poor Choice as a Pocketguide By Customer Wanted a book I could carry around the "Venice of Texas" during my one day visit to San Antonio. Plus One: It's pocket sized and easy to carry around. Plus Two: Easy Fold out maps to a usable size. Mission Trail map was good. Negative One: Fold out Maps - Supposed to be the Venice of Texas - Where's the canals? I can't find them on these maps. Water is usually blue - where's the blue? How do I get around Riverwalk? How about including the Trolley lines on the maps? Negative Two: Attractions. Poorly organized and minimal after 62 pages of filler. Why do I need instructions on getting to San

Antonio - Maybe I'm walking there? Accommodations - I walking to those?
