Hilary Hylton, Cam Rossie : Insiders' Guide to Austin (Insiders' Guide Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Insiders' Guide to Austin (Insiders' Guide Series):

2 of 2 people found the following review helpful. worst guide I ever bought. By Tina I think this is the worst guide I ever bought. not only there are basically no pictures / photos or even maps in the guide, but on top the information is not organized in a handy way. For example, the restaurants are neither categorized by type (american, french, italian), nor area, nor price. This is not helpful at all. I believe there is a lot of interesting information in the book, but you can't just use it on the go - only like when you are preparing for your trip at home. Can't recommend it, sorry. 0 of 0 people

found the following review helpful. This has everything. History, directions to wherever you ...By B. SchildknchtThis has everything. History, directions to wherever you want to go, hotels, restruaunts, shopping, museums, walking tours, bike tours, parks, places to live. I could go on, but if you want to visit Austin or if you plan a move there you gotta have this book!13 of 14 people found the following review helpful. Helpful GuideBy R. TrembleyHaving just moved to Austin I've used this guide a number of times. I love that it details more independent places rather than chains. Great guide if you plan on moving to, or just visiting the Austin area.

Insiders' Guide to Austin is the essential source for in-depth travel and relocation information to Texass state capital. Written by locals (and true insiders), Insiders' Guide to Austin offers a personal and practical perspective of Austin and its surrounding environs.
