**Todd Keith : Insiders' Guide to Birmingham (Insiders' Guide Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Birmingham (Insiders' Guide Series):

1 of 2 people found the following review helpful. Two StarsBy Fred J. ForschlerDidn't give me what I was looking for.2 of 2 people found the following review helpful. Not really written by an insider of Birmingham,ALBy ElectraPell City is not even in the same county and should NOT be listed. The author left out the Northern Belt Line where the middle and ble collar class live.These are the old communities that still run mines and factories as well as becoming major cities like Gardendale. If you want to really know about Birmingham and the area, call the chamber of commerce instead of reading this book.

A first edition, *Insiders' Guide to Birmingham* is the essential source for in-depth travel and relocation information to "The Magic City". Written by a local (and true insider), this guide offers a personal and practical perspective of Birmingham and its surrounding environs.
