Fred Pfister Ph.D. : Insiders' Guide to Branson and the Ozark Mountains, 5th (Insiders' Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Branson and the Ozark Mountains, 5th (Insiders' Guide Series):

2 of 2 people found the following review helpful. Worst guidebook everBy Stephen CannonFred Pfister's guide is bad in a number of ways.One, although it says it was repressed as of 2006, it was hopelessly outdated as of Sep. 2007. We

went to Sadie's Sideboard Smokehouse because Pfister recommended the gooseberry pie (P.72), but they didn't sell it and hadn't sold it in recent memory. We also went to the Farmhouse Restaurant, which Pfister said closed at midnight (P.69). As it turned out, they closed at nine, and a waitress of four years said it had as long as she had been working there. Two, Pfister sabotaged our vacation with miserably bad recommendations. Example one, Pfister recommends the Glade Top Trail as a scenic drive (P.201). He fails to mention that although it is close to Branson as the crow flies, it's about an hour and a half drive each way due to the twisty country roads that lead to it. He also fails to mention that the drive does not showcase the majestic mountain vistas that the Ozarks are famous for, but the trail is just a narrow dirt road lined with trees, so it does not at all warrant the trouble it takes to get there. Example two, Pfister recommends Stage Door Canteen as a restaurant "decorated like a World War II canteen," selling "roast turkey with walnut dressing and the chicken and dumplings," (P.72). My wife and I went there excited to try these items, but what we found was a buffet befitting a hospital, an interior that was decorated like a shopping center food court, and a very small clientele whose average age was 80. Three, the book offers only one very mediocre map, which does not show the locations of the sites and restaurants it recommends. Four, there are no color photos in this book and only around a dozen very small BW photos. In short, going to Branson with no book would better prepare you than Pfister's book will. Avoid like the plague.

Find the scoop on the entire local entertainment scene, the best places to stay and to eat, as well as how to get the most out of the surrounding Ozark Mountains--such as hunting, hiking, camping, and fishing--and the charming older towns to be found in the region.

From the Back Cover For more than twenty years, the Insiders Guide series has remained the essential source for in-depth travel and relocation information. Each guide is written by locals and true insiders and offers a personal, practical perspective that readers everywhere have come to know and love. With more theater seats than Broadway and Los Angeles combined, Branson is proudly called the Live Music Capital of the World. Meet the stars, get an autograph, and visit with performers after the show in this year-round vacation destination. Let this authoritative guide show you how to navigate the glitz and glitter of Branson as well as the natural beauty of scenic Ozark Mountain country. Inside you'll find: countless details on how to live and thrive in the area, from the top fishing sites to the lowdown on real estate the inside scoop on theme parks, seasonal festivals, and live entertainment offerings, including the best morning show and the best vocal group comprehensive listings of restaurants, lodging, and recreation opportunities sections dedicated to children, retirement, and much more Whether you're planning a vacation, living in the area, or looking to relocate, Insiders Guide to Branson and the Ozark Mountains will show you everything you need to know.
