Helmut Morsbach : SIMPLE GT JAPAN-PB (Simple Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised SIMPLE GT JAPAN-PB (Simple Guides):

0 of 0 people found the following review helpful. TRAVEL ETIQUETTEBy WIL MAYNeeded etiquette and personal conduct information prior to first visit to Japan. Lucked onto this little book which is exactly what it purports to be and is a guide through daily business and pesonal conduct in the Japanese society to include details regarding toilet use and

preparations that only your Mother would tell you !! It is well prepared and forthright, as if a professional guide were in your pocket, which it is. Acquired other travel books that turned out to be sight seeing guides with little useful information about day to day conduct, etc. Heartily trust and recommend this author and series which came at a remarkably low cost.
