possibly even better. It was just like new and I don't believe that it was actually listed as such. I got the book very fast and had no troubles getting it. It was a great purchase and dealing.

Before you begin this introduction to Tarot, you may ask yourself, "Am I psychic?" The surprising answer: the Tarot deck is the best possible way to find out! Follow this guide and uncover your gifts, while you explore the mysteries of the Tarot through the clear directions and explanations. Start from how to choose the right Tarot deck, and care for it to enhance its power. In addition to both traditional and modern explanations for all 78 cards, you'll find exercises to develop your reading ability, six different spreads, advice on doing a reading for someone who's in a different location, and--for times when you have no Tarot deck--instructions for doing a reading with regular playing cards.
