H. Warre : Sketches in North America and the Oregon Territory before purchasing it in order to gage whether or not it would be worth my time, and all praised Sketches in North America and the Oregon Territory:

1 of 1 people found the following review helpful. It's poor copies of a historical bookBy Lori MeyerIt's poor copies of a historical book. Nothing is legible. The photocopies of the sketches/art in the real book are not even worth the effort. I would rather find the original book and take pictures of each page with my phone.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate

your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
