Santo Criscuolo : Ski Snowboard America Pacific Northwest and British Columbia (Ski and Snowboard America Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ski Snowboard America Pacific Northwest and British Columbia (Ski and Snowboard America Series):

3 of 4 people found the following review helpful. You need this book!
By Katie Poinier Santo has done extensive research and this book is excellent! Santo writes very clearly and provides all the pertinent information you'll need to enjoy any of these Northwest resorts to the fullest. Having grown up in the Northwest and skied many of these mountains, I found myself agreeing completely with what Santo wrote. His descriptions brought the resorts back to life in my memory. I especially like that he chose some out-of-the-way places that haven't been covered in other guide books. Santo gives press to some of the best-kept Northwest secrets, for which I suppose I can forgive him, and I applaud his honest enthusiasm for snow riding. This book makes me excited about the upcoming season and want to ride every single mountain he's reviewed! Get this book. Then get out there and make some turns!
3 of 3 people found the following review helpful. And I thought all Pacific NW skiing was bad!
By TrippMeWell, Mr. Criscuolo has proven me wrong. Having growing up skiing other places like Idaho, Utah, and California I thought all skiing up in the Washington area was wet and marginal. I had no idea that there were all these different places to ski in the Seattle area (2 hour drive or less). There are even more if you want to do some traveling but not make the hike all the way to Sun Valley or get on a plane to make it to Utah, Colorado, or California. Thanks Mr. Criscuolo This is a resource that I needed to make my winters fun in Seattle!
5 of 5 people found the following review helpful. Great Book
By Tim Richards Finally, a book about Pacific NW skiing that nails it! Criscuolo obviously did his research, because the information is dead-on. While the book is meticulously detailed, it is easy to navigate and well-written. Anyone who's serious about NW skiing boarding needs to have this book.

Veteran snowrider and local author Santo Criscuolo is your personal mountain guide as he explores every nook and cranny of the ski and snowboard scene in the Pacific Northwest and British Columbia. Delivered with a fresh, light-hearted perspective, this ski and snowboard guide uses easy, quick-reference icons so you can find just what you're searching for - right away. This guide contains comprehensive trail descriptions, from beginner to advanced, sweeping snowboard park and halfpipe roundups, bold backcountry and off-piste adventures, complete heli- and cat-skiing guide, extensive lodging, dining, travel tips, and info for each resort and ski area.
