The stories definitely convey what it was like to be there. From the ups of working with amazing entertainers and fun people and the bonding relationships to making particular guests happy to the downs of Constant Management tinkering and interference that has ruined a classic

attraction. You can relive the stories from the hey-day to the transition period of the dawn of the Mouse Empire that has clamped down on the greatness that was an amazing attraction. This is Disneyland's Jungle Cruise one of the original 55 (Meaning its been there since the park opened-a rarity) not the watered down versions and carbon copy blank personality copies of Disney World and the other parks that followed. Its a shame to know that stories like this wont continue to happen, but you can relive a first person experience of people who actually lived it every day. If you have ever wondered what it was like working for the Mouse on one of the premier attractions-this accurately describes it in full detail.5 of 6 people found the following review helpful. Very entertaining book!By CustomerI LOVED this book! There are so many fantastic stories about what goes on behind the scenes at the Jungle Cruise ride at Disneyland. I can't wait until our next trip to Disney, this ride will be at the top of my list. I hope there is a second book about the ride at Disney World. I also want to check out the Skipper Show! If anyone is planning a trip to Disney, you need to read this book before you go. Lots of laughs!!!4 of 5 people found the following review helpful. Very Entertaining and Very well written oral histories. I ...By Anne PedersenVery Entertaining and Very well written oral histories. I especially appreciate that David was able to interview or gather interviews from Skippers going from '55 through today.

Real Skippers of Disneyland In this unique oral history of Disneyland's iconic attraction, the World Famous Jungle Cruise, dozens of skippers, from the 1950s to the present, share harrowing, humorous, sometimes even horrific tales of their pun-fraught voyages and their behind-the-scenes hellraising. The Jungle Cruise is that most unusual of Disney attractions where the ride itself is secondary to the cast member. Once the boat leaves the dock, Disney no longer controls the experience; your skipper does. Former skipper and now history professor David John Marley presents the uncensored stories of six decades of Jungle Cruise skippers. Their never-before-spieled tales include: Skipper selection, skipper training, how the ride works, and no-holds-barred confessions of what life is like in the jungle. Celebrity guests: the good, the bad, and the entitled, and one very public embarrassment, skipper style. The rite of passage for new Jungle Cruise skippers: peeing in the river. Drunken orgies, stand-up comedy, and a heist that led to one skipper's permanent expulsion from Disneyland. Pranks and more pranks, from the comic to the cruel, with dickish skippers and unruly guests learning the law of the jungle. Welcome to the Jungle...
