National Geographic Maps - Trails Illustrated : Skyline Boulevard (National Geographic Trails Illustrated Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Skyline Boulevard (National Geographic Trails Illustrated Map):

1 of 1 people found the following review helpful. No secret gardens on this mapBy A. ReaderThese are the gold standard in trail maps. I don't do any wilderness traveling without them. This one is a little different than others because Skyline is not a national park or huge wooded area. Its spread out and runs length wise along some beautiful coastal areas. I don't know exactly what I was hoping for, but this map was not nearly as helpful as other ones I've used. No new trails or hidden areas to discover, so to speak. This is the first one that I regretted getting, but again is that really National Geo's fault? Might have been mine since I was just expecting it to have something different. But everything else is as great as all of their other maps, its just this area is much more "civilized."0 of 0 people found the following review helpful. wish it folded smaller.By TitusWish it folded smaller, doesnt fit into pack properly2 of 2 people found the following review helpful. Good stuffBy StephLove this map. Has everything I need. I use it to find trails to run. At a glance I get enough info to plan my next run.

Waterproof Tear-Resistant Topographic MapRunning along the side of the Santa Cruz Mountains, Skyline Boulevard is known for its scenic attractions and unlimited recreational opportunities. Outdoor enthusiasts exploring this California Scenic Byway and surrounding area will find National Geographic's Trails Illustrated map of Skyline Boulevard and indispensable tool. Expertly researched and created in partnership with Midpeninsula Regional Open Space, California State Parks and others, the map covers the Skyline Boulevard area with unparalleled detail, starting from Golden Gate National Recreation Area's Milagra Ridge and Mori Point in the northwest to Sanborn-Skyline Park and Castle Rock State Park in the southeast. Coverage includes tens of state and county parks and beaches, open space preserves (MROSD) and other public recreation areas; miles of California shoreline, including Half Moon Bay State Beach and Monterey Bay National Marine Sanctuary; South San Francisco and San Mateo; and the Santa Cruz Mountains.Use the trail charts to select a route to explore, according to location, distance and designated use and then follow along the hundreds of miles of precisely mapped trails and fire roads, shown with mileage markers. The Bay Area Ridge, Skyline-to-the-Sea and California Coastal Trails are all labeled. The Pacific Coast Highway is shown with roadside parking and pulloff areas. Navigate using the map's contour lines and elevations, water features and clear boundaries between public and private land. Recreation features include areas for camping, picnics, fishing, climbing, swimming, surfing, wind surfing and wildlife viewing. Among the other attractions pinpointed area marinas, wineries, museums, old growth redwood forests, lighthouses and scenic viewpoints.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Belmont, Burlingame, Foster City, Golden Gate National Recreation Area, Half Moon Bay, Hillsborough, Los Altos, Millbrae, Montara Mountain, Mountain View, Pacifica, Pescadero Point, Pillar Point, Point San Pedro, San Andreas Lake, San Bruno, San Carlos, San Mateo, South San Francisco, Upper Crystal Springs Reservoir.Map Scale = 1:40,000Sheet Size = 25.5" x 37.75"Folded Size = 4.25" x 9.25"
