**Jon Kedrowskii : Sleeping on the Summits: Colorado Fourteener High Bivys** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sleeping on the Summits: Colorado Fourteener High Bivys:

0 of 0 people found the following review helpful. great read love Chris Tomer he is our weather guy ...By heather flenthrop great read love Chris Tomer he is our weather guy and always pretty accurate. great way to see Colorado's fourteeners 1 of 1 people found the following review helpful. A great read and great photos from an interesting adventurer! By David Hutchinson I am seriously intrigued by anyone who has climbed and slept on all of the Colorado Fourteeners. This book is a great reflection of that feat...love the writing and I am jealous of the photography. A wonderful coffee table book. 0 of 0 people found the following review helpful. great info and particularly good pictures to understand which peak ...By pfulks I'm headed to Colorado next week and this was the first book I pulled off my shelf to research, great info and particularly good pictures to understand which peak to pick based on view/effort.

Follow Dr. Jon Kedrowski and Meteorologist Chris Tomer as they attempt to sleep from sunset to sunrise on top of every Colorado fourteener in one summer. It's a journey showcasing mountain geography, meteorology, climate, and geology of Colorado's greatest mountain ranges. Experience glorious sunrises, hailstorms, lightning storms, and more in this fast-paced narrative.
