He's right and we all need to read him.0 of 1 people found the following review helpful. Five StarsBy Edwin***** beautiful and inspiring *****5 of 5 people found the following review helpful. A most stellarly beautiful bookBy KateLovesReadingJust found this book at my local library in Colorado; my introduction to Edward Abbey, and Philip Hyde (unbelievably gorgeous photography). The text is so fine, beautifully written, and informative (and so humourous), by both of these men, and I've never seen such beautiful photography. John Wesley Powell would have so loved this book. This is the book on the canyon country.
