Jim Dunlap : Slitherin' 'Round Texas: A Field Guide for People Who Dislike the Snakes of Texas before purchasing it in order to gage whether or not it would be worth my time, and all praised Slitherin' 'Round Texas: A Field Guide for People Who Dislike the Snakes of Texas:

0 of 0 people found the following review helpful. Very humorous informative bookBy K. SaucierI came across this book at a BB in their stack of bathroom reading material. This writer has a great sense of humor.It says it is for people who dislike snakes. But I found it quite entertaining for snake lovers as well.In addition to the humor there are some really interesting facts throughout.

According to author Jim Dunlap, snakes have gotten bad press since the biblical times of Adam and Eve, and it has gone downhill ever since. While this book is written in a humorous vein, its information about snakes is key to their survival and maybe yours, too. This book demystifies these much-maligned critters so folks can know the facts rather than the myths.
