Robert Wintner : Snorkel Bob's Reality guide to Hawaii before purchasing it in order to gage whether or not it would be worth my time, and all praised Snorkel Bob's Reality guide to Hawaii:

12 of 12 people found the following review helpful. Lighten up, mon. You're supposed to be on vacation.By Donald P. RidgwayWe stumbled into the Snorkel Bob phenomenon early in our first visit to the Kona Coast, and we were grateful for the no-poop attitude. We found a couple of lovely little restaurants, a terrific massage place, and even used

some of the snorkel advice.No, it's not a complete guide, but it helped us to avoid some of the standard-tourist pitfalls and to enjoy the place, not the prefab experiences offered by some of the land sharks.And, yes--horrors--occasionally he mentions environmental and native-Hawaiian political issues. We think they're worth bringing up.It's a relaxed bunch of hints from someone who lives there. Take it for what it is and enjoy it.0 of 0 people found the following review helpful. Contains some good nuggets of informationBy A CustomerThis book does contains some useful information which should come in handy during vacation. It is also delivered in a really off-beat humorous way.Unfortunately, if you can't get into the humor, it will be a very painful digging operation for the content. I would suggest reading a few pages in your local bookstore before purchasing.In retrospect, I probably would not have purchased this book if I had an example of the writing style.0 of 0 people found the following review helpful. One StarBy twWeird.

Complete guide to Hawaii including maps, water sports, things to see, places to eat, etc.
