Solvang: A Guide to the Danish Capital of America By maxine I visit the great state of California twice a year, usually Central California. A good friend recommended a visit to the quaint town of Solvang. Needing a quick reference on lodging, restaurants, wineries in the area, along with a little history of Solvang, I read this tour guide cover to cover, and found all the information I needed. I found a reasonable hotel, authentic food (including delicious bakeries!), and wine tasted some delicious barolo at the Mandolina tasting room. Get this book and plan a week-end getaway now!
