David Mazel, Robert Blake : Southern Arizona Trails before purchasing it in order to gauge whether or not it would be worth my time, and all praised Southern Arizona Trails:

6 of 6 people found the following review helpful. The title doesn't do it justice--it is more than Southern AZ By A Customer The title SOUTHERN ARIZONA TRAILS is misleading. Only half the hikes are in Southern Arizona. It also covers hikes in the Superstitions (Central Arizona) and some of the hikes in the Mazatzal Range, the Blue Range, and the White Mountains edge into Northern Arizona. The book is pretty good describing trailheads plus trailhead and

near trailhead amenities and is up to date with much of the trail descriptions but not all.

Jagged desert peaks, awesome gaping canyons, wildflower-dotted alpine meadows and more entice hikers and backpackers to adventure in central and southern Arizona. From short dayhikes to multi-day backpacking trips, this book features 84 routes for beginning to skilled backpackers (excludes Grand Canyon hikes).
