Scott Lefebvre : Spooky Creepy Long Island before purchasing it in order to gage whether or not it would be worth my time, and all praised Spooky Creepy Long Island:

1 of 2 people found the following review helpful. Who Knew?By Rebecca ReynoldsI never knew that there was a reason to visit Long Island, but now I do! Still won't go, but it's fun reading about it!1 of 1 people found the following review helpful. A must read.By TrueTapeDelayWhether you have been to long island or are traveling to long island, or even if you're just curious about long island in general, this book is a must read. It such a strange and interesting place with lots of history, both explained and unexplained, and this book captures and exposes some of those tales

very well. Be careful not to spook yourself out of your next vacation, or even better, spook yourself into your next one! 2 of 2 people found the following review helpful. Great read
By Chase Belafonte
I read this a few years back when it was first published. It reads like the best parts of "Scary Stories to Tell in the Dark" series, which is a huge compliment as those are some of my favorite stories from nostalgia. The author has a knack for capturing the fantastic and balancing it with great wit. Totally enjoyable, a fun read for numerous age groups.

Take a tour of the myths, legends, and ghost stories of spirited Long Island, including the infamous Amityville where murder and mayhem shocked a small town; abandoned and haunted lunatic asylums, the historically chilling witchcraft trials, creepy lighthouses, and the many "Mary" hauntings. Shudder as you read over 35 haunting tales of Long Island's supernatural history.

About the Author
Scott Lefebvre has traveled the continental United States pursuing the paranormal, included Long Island, New York. He has his own page of paranormal book reviews on the Horror E-Zine: Screams Of Terror, and is also a regularly published contributor to SCARS Magazine. Scott attends horror conventions across the world and enjoys meeting his fans.
