From Adc the Map People : Spotsylvania County, Va. Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised Spotsylvania County, Va. Atlas:

Great to Always Have in Your Car.By David SmithWhether you live in this area or just drive through it once in a while, you'll know it can be easy to get lost, and difficult to figure out what roads go where.This map is very detailed and accurate, and is a must-have in my opinion.I do like how easy it is to use in this book form rather than a fold-out map that you have to open-up completely and figure-out how to refold back.The maps are large and detailed, and there is a nice index of street names and other landmarks that makes finding the appropriate map very easy.

Large scale atlas with street level detail showing ZIP Codes, block numbers, airports, shopping centers, points of interest, schools, hospitals, parks and much more. Fully indexed. Includes Fredericksburg, Chancellorsville and Thornburg.
