There are historic photos of St. Louis for every month. Historic meaning not from the 1960s, but earlier in the history of the city. Can't wait until January to hang it up.0 of 0 people found the following review helpful. Five StarsBy Mumsaygood product! fast shipping!0 of 3 people found the following review helpful. Too historicBy Aquariafor my taste and interests. As a baby boomer i would like city and county views from our childhood-kiddieland,Hamburger Heaven,Westroads Mall,the Arena,Building the Arch,etc with cars and fashion of the 40s,50s,60s...The people who remember your photos are now passed. I would have liked more living memory. To me these are just almost interesting,local black and white photos, that evoke nothing.I will not buy or recommend these calendars because they have a very narrow audience of history buffs. Emotional impact is what is missing.Add some,Publishers,update from 1900, okay?

This 2014 Wall Calendar explores the history of the City of St. Louis through vintage photography. Each month features a different, fully-restored historic image of the area. Grid pages feature an underlying close-up of the featured

image, large-format squares for easy scheduling, and a preview to last- and next-month's view.
