**Elizabeth McNulty : St. Louis Then and Now (Then Now)** before purchasing it in order to gage whether or not it would be worth my time, and all praised St. Louis Then and Now (Then Now):

2 of 2 people found the following review helpful. Conversation PieceBy reeNdogtown4670We keep this book on our coffee table in the living room and many of our guests look through it. We live in the city of St. Louis and it's very interesting to see before and after pictures of our city. I first saw this book at my doctor's office and I was so engrossed with it, that after I was called in - I put it down, and then stayed to finish looking at it after my appointment.1 of 1 people found the following review helpful. Five StarsBy Cheryl NewberryDelighted with the book0 of 0 people found the following review helpful. It will bring back a lot of great memories!By Glen BehringIf you're a St. Louisan, buy this book !!! It will bring back a lot of great memories!

Celebrating America's favorite cityscapes, this series combines historic interest and contemporary beauty. Then and Now features fascinating archival photographs contrasted with specially commissioned, full-color images of the same scene today. A visual lesson in the historic changes of our greatest urban landscapes.

About the AuthorElizabeth McNulty was born and raised in St. Louis and attended the University of Missouri. She attended graduate school in New England and is the author of Boston Then and Now, Chicago Then and Now, and St. Louis Then and Now, among others. She is a member of the Missouri Historical Society and the Bostonian Historical Society and currently lives in San Diego, where she works in the publishing industry.
