Adah Bakalinsky, Larry Gordon : Stairway Walks in Los Angeles before purchasing it in order to gage whether or not it would be worth my time, and all praised Stairway Walks in Los Angeles:

0 of 0 people found the following review helpful. Great!By L.A.NoirReally well done book, with a whole listing of stairs and places I never knew existed. My family moved to Los Angeles in the early 1890s, so I know, or thought I knew, L.A. pretty well. Nope! So happy to find this book, and will keep it in the car for reference and adventures.12 of 12 people found the following review helpful. Great unkown staircase walks in Los AngelesBy A CustomerA great

way to learn and see unusual neighborhoods in Los Angeles. I have done about 12 of the 18 walks and it has opened my eyes to the city while getting plenty of exercise. Some of the staircases have approximately 300 steps. I can highly recommend this book for its charming commentary on old neighborhoods as well as the interesting walking routes. 4 of 5 people found the following review helpful. See the REAL Los Angeles By Scott Jon Leibowfar away from the movies and the industry, are the people and the houses that populated the city. If you really want to see Los Angeles, get this book and try all the walks

200 public stairways take you to parts of Los Angeles where auto-bound tourists and natives can't venture. Besides being great aerobic exercise, the walks are also lessons in history, architecture, and nature.
